

# HOW TO GET A FREE .me DOMAIN FROM NAMECHEAP

By:  
Web Team  
University of Peradeniya

After you activate your GitHub Student Pack you will receive this email

**GitHub** Education

Hey @ Hanikha-Ratnayake

Welcome! Thank you for joining [GitHub Education](#), we're so happy you're here! [GitHub](#) Education helps [students](#), teachers, and schools access the tools and events they need to shape the next generation of software development.

**GitHub**  
Student Developer Pack

The Pack has tools for (almost) everything you'd ever want to build. Ready to get started?

Click on [Explore offers](#)

If you are **renewing** your membership please be aware that some of our partner offers are single-use and non-renewable, and that you should contact the partner directly if you have any questions.

# GitHub Student Developer Pack

Learn to **ship software like a pro**. There's no substitute for hands-on experience. But for most students, real world tools can be cost-prohibitive. That's why we created the GitHub Student Developer Pack with some of our partners and friends: to give students free access to the best developer tools in one place so they can learn by doing.

Browse by category:

# Scroll down and click on [Namecheap](#)

Domain names, web hosting, and websites. Unicorns and rainbows come standard with our customer support.

[FAQ](#)

# Claim your free domain

Namecheap is giving university students a free bundle to kickstart their online presence.

Enter a domain name that you wish to have and click **find**

# Check the availability of the requested domain name

## DOMAIN RESULTS

For a limited time, .me domains are **free** for students

hanikharatnayake.me	FREE	<a href="#">ADD</a>
---------------------	------	---------------------

If the requested domain name is not available try another name

hanikharatnayake.com is **unavailable** and has been **skipped**

hanikharatnayake.io	<del>\$32.88</del>	\$24.88	<a href="#">ADD</a>
---------------------	--------------------	---------	---------------------

hanikharatnayake.tech	<del>\$45.88</del>	\$0.48	<a href="#">ADD</a>
-----------------------	--------------------	--------	---------------------

If the requested domain name is available **ADD** it to your cart and **Complete order**

Your Domains

Your cart is empty

[Complete order](#)

Select this option over there

Double check the spelling of your domain name

Enter your university email address and **Finish Up** the purchase(free)

## Summary

You are registering **hanikharatnayake.me**

for **FREE**

### Choose a free option

 GitHub Pages  **FREE**

Which domain should receive the free option?

hanikharatnayake.me

### Student email

Currently we are only offering free .me domains and a discounted rate on other TLD's to select universities in the US, UK, Canada and Australia. Enter your student email address here. We'll check your eligibility and email you additional instructions.

If you are a part of the GitHub student program please use your primary GitHub email on the checkout form, instead of your student email address. You may learn more about the GitHub Student Developer Pack [here](#).

██████████@pdn.ac.lk

**Finish Up**

Now you will be asked to login to your nc.me account

Login or create a new Namecheap account

The entirety of this site is protected by copyright © 2001-2020 Namecheap.com.

A screenshot of the Namecheap website's login and registration page. The page has a light blue background. At the top, it says "Login or create a new Namecheap account". Below this is a dark grey bar with "Login" on the left and "REGISTER" on the right. The "REGISTER" button is circled in red. Underneath the bar, there is a white box containing the text "All fields are required" and two input fields labeled "Username" and "Password". At the bottom right of the white box is a green "Log In" button. At the very bottom of the page, there is a copyright notice: "The entirety of this site is protected by copyright © 2001-2020 Namecheap.com."

So first register your account

# Click on **Confirm Order**

**Confirm Order #** 

## Order summary

**hanikharatnayake.me**

1 year registration

**FREE**

Subtotal

**\$0.00**

**Confirm Order**

# Now you have successfully got your free .me domain name

## THANKS FOR USING NAMECHEAP

Your domain(s) have been registered and your free service has been activated.

Please click the button below to activate your free hosting service. You will not have another opportunity to automatically configure and setup GitHub Pages.

[Setup your GitHub account](#)

**Advanced Users:** You have the option to customize your DNS records, if you wish to use a service other than GitHub. You can [modify your records](#), once you've logged into Namecheap.com.

Yaay!  
So now you have your 1 year free  
.me domain

Don't forget to thank *Hanikha* for helping you to get your domain

Now checkout the document named  
“How to publish the website”
